

— WHEN VISION BECOMES VICIOUS —

Human Life is a rare and precious gift. It is attained after unlimited births in non-human forms. A Human Life is an opportunity to transcend birth and death and enter into an eternal loving service relationship with Śrī Kṛṣṇa. **Am I making the most of this golden opportunity?** Am I consciously and carefully choosing what is favorable for my spiritual progress, and rejecting what is unfavorable? Or am I following the mindless masses to hellish degradation?

- * **What I choose to see leaves a *samskāra* (imprint) on the mind which effects both my consciousness and my life's experience and destination. Am I careful and conscious in choosing what I see?**
- * **Most humans aren't! Please take a look at the following chart and then kindly answer the following questions: 1. What is the level of consciousness of such a viewer? 2. What is the likely life experience and destination of such a viewer? 3. Is this what I want for myself/ my children? 4. So what do I do about that?**

Human society, at the present moment, is not in the darkness of oblivion. It has made rapid progress in the field of material comforts, education and economic development throughout the entire world. But **there is a pinprick somewhere in the social body at large, and therefore there are large-scale quarrels, even over less important issues. There is need of a clue as to how humanity can become one in peace, friendship and prosperity with a common cause. Śrīmad-Bhāgavatam will fill this need, for it is a cultural presentation for the respiritualization of the entire human society.**

(*Śrīmad-Bhāgavatam* is) that literature which is full with descriptions of the transcendental glories of the name, fame, form and pastimes of the unlimited Supreme Lord. (It is a transcendental creation) meant to bring about a revolution in the impious life of a misdirected civilization. Such transcendental literatures, even though irregularly composed, are heard, sung and accepted by purified men who are thoroughly honest.
