

**Sri Caitanya
Siksamrita
Chapter 1**

Highest benefit for the humanity is satisfying the lord
(Therefore perform BHAKTI)

People think it is for old age

4 reasons to worship Lord
1. Fear
2. Material desires
3. Duty or Gratitude (Kartavya buddhi)
4. Genuine attraction (Raga)

Association of devotees

When intelligence becomes clear (pure faith manifests) then duty or gratitude become the sole motive. Then one practices vaidhi sadhana bhakti.

Sadhana Bhakti
Constitutional activity but not constitutional mood (mood is kartavya buddhi)

gradually

Raga : tendency of the mind to become spontaneously attracted to an object immediately on seeing it without intellectual processing

raga bhakti : constitutional activity and constitutional Mood

Devotees worshipping the Lord according to raga are real worshippers.

Practice from the day one sees urgency

People begin practice only after pure Knowledge appears (Pure faith appears)

Start from childhood Ex: Prahalad , Dhruva

Don't just force people when preaching. Try to increase their sukriti so that they understand the importance of practicing devotional service and sees its urgency.
