Committing sin on the strength of the Name

Considering the Name as Equal to Material Piety

★ Those engrossed in materialism will think that the chanting of the Name is on the same level as these pious activities.

★ Great difference between pious actions that yield temporary material results and the chanting of the Name that brings eternal bliss.

9th offense
Giving the name to Unfaithful

- Atheistic and people extremely entangled with moral rules or duties of karma cannot take up chanting the Name unless they first purify their hearts.
- To give such unqualified and faithless people the teachings of the Name is as useless as sowing seeds on barren ground.
- Those who give out the Name motivated by receiving substantial donations are selling the Name.

10th offense

Even after hearing the glories of the Name, the sense of possessiveness and attachment is so strong that they do not develop an attachment for the Name.
